THE SENATORNIE.

THE SENATORNIE.

THE SENATORNIE.

THE SENATORNIE.

The position of United States senators estill necessary, and that as common wells as excellent free estill necessary, and that as more of the people. It is certain that the senatorship of the States belongs to no individual to the filled at the proper time by the legislature, whose claims of any sett whatever, but not the commonwealth to be filled at the proper time by the legislature, whose claims of any sett whatever, but may range through the entire through the entire through of able the man and pulliand articles at home the control of political events and the proper time by the legislature, whose charges the control of the poor and needy of the large clies, and the proper time by the legislature, whose charges the control of any setting the political events the symmetry of the post and needy of the large clies, the form an army growing in numbers, the form an army growing in numbers, the control of political events the symmetry of the states and political effects. Were in the proper time by the legislature, whose charges the control of the poor and needy of the large clies, the form an army growing in numbers, the form and political effects at home.

He post and needy of the large clies, the form and the political excitement and the p likely to serve the State with honor, ability and usefulness in the senate—should be elected. Itonesty, efficiency and known capacity, is what the people and known capacity, is what the people and known capacity, is what the people those who in the recent canvass charged private; "he could not tell. Dr. Peters of Tennessee demand. A new era is the Democratic party of the south with arrived since I have been liere, and was about to dawn upon the American a fixed purpose to repudiate the nationpeople, and in electing men to the ex-alt as well as the State debts, as to streets of Memphis during the pro-alted position of United States senator, the broad question of fitness and adaptability should be carefully considered. Tennessee needs, during the next six say, attracted a great deal of attention congress and the government in devel- ures that iron can be manufactured here oping our great resources. The memosrs of the logislature should unite on Pennsylvania and Missouri have Jersey, and in all the States where sen- ered out. We shall see—and very soon, chester or Cowan, coal could be deliators are soon to be elected, no opposition is made to selecting the candidates by the dominant party in a caucus of the nembers of the legislature. Profiting by the examples in other States, and the harmonious workings of the caucus system in Tennessee in former elections The Italy of America Tropical Producfor United States senators, we trust the Democratic members of our legislature will meet in caucus, compare notes, consuit the great interests of the State, im- From an Occasional Co. partially weigh all sections and all as-
